

# Ideal<sup>®</sup> Jet EX

## UNCOATED INKJET. THE IDEAL COMBINATION.

Aesthetically pleasing optics. Uniform surface. Excellent opacity and print quality. This is the ideal uncoated option for a wide range of transactional and commercial printing end uses. Meet your new day-in day-out uncoated paper, designed specifically for inkjet web applications: Ideal Jet EX.

### FEATURES:

- True uncoated designed for untreated inkjet applications<sup>^</sup>
- Uniform dot resolution for high density text and crisp image reproduction
- Higher opacity minimizes show-through
- Designed for consistent on-press performance
- 55 lb. offers potential yield advantage and end-use thickness/weight reduction
- Meets EX standards of service and quality, stocked rolls with intended-for-inkjet roll quality
- 18" roll size stocked with other making roll sizes available, subject to approval. Contact your Billerud representative to learn more.
- Manufactured in the USA with Pride

### APPLICATIONS:

- Transactional statements
- Promotional inserts
- Direct mail
- Manuals
- Books

### IDEAL JET EX SPECIFICATIONS:

	55 lb. T/22 Bond	82	4.4	92	94	150
	60 lb. T/24 Bond	89	4.7	92	95	150

<sup>^</sup>In all printing situations, the quality requirements and productivity expectations vary based upon the complexity of the end-use applications. While many digital press manufacturers recommend certain offset papers, customers should verify product compatibility with the digital press manufacturer, test substrates prior to use and consider the printing demands of the specific job.
