

OptiLabel™ Dairy

GIVE YOUR BRAND THE EDGE.

OptiLabel™ Dairy delivers the premium brightness, blue-white shade, high opacity and semi-gloss finish you expect from OptiLabel—and adds great edge-wicking resistance and high strength that stands up to die-cutting demands.

OptiLabel Dairy is a semi-gloss face stock designed for pressure sensitive label applications requiring premium label appearance, excellent flexographic printing and superior edge-wicking resistance. OptiLabel Dairy features premium brightness and an enhanced blue-white shade combined with high opacity and a gloss finish. This high-quality sheet also features the high strength required for demanding die-cutting applications. Reverse side coatings are compatible with pressure sensitive adhesives.

FEATURES:

- Coatings designed for flexographic printing
- Superior edge-wicking resistance
- Smooth, semi-gloss finish for premium print fidelity and over-lamination adhesion
- High strength for fast matrix stripping and runnability
- Manufactured in the USA with Pride

APPLICATIONS:

- Pressure sensitive label applications such as refrigerated beverage products
